Local Construction Company Celebrates Grand Opening

Denver, CO -- March 14, 2005 -- **dcb Construction Company, Inc.**, a locally owned and operated construction company since 1960, helped celebrate the grand opening of Udi Baron's first retail café and bakery. Udi's on Broadway, located at 101 E. 70th Avenue in Denver, opened its doors to the public on March 14, serving "**handcrafted**" sandwiches, salads, pastries, breads and gourmet granola.

Udi Baron, owner and proprietor, hired dcb Construction Company, Inc. to design and build a 12,000 square foot facility that consolidated his retail baking, catering operations and restaurant into one building. Construction began August, 2004 and was completed February, 2005.

Mr. Baron began business as a natural baker supplying breads to various retail stores, restaurants and catering companies. In an effort to further promote his natural breads and pastries, he started his own catering business in 2003. This new facility includes a bakery, kitchen, pastry area, sandwich prep area, three coolers, one freezer, administrative offices and a 15 table seating area for patrons.

Udi's on Broadway, located inside the artisan bread plant, offers hot breakfast and lunch sandwiches, salads, breads, pastries, desserts and specialty coffee drinks. They make everything on premise including the roasting and smoking all

their own meats. They bake their own breads, laminate their own dough, bake their own tart crusts and make all their own salad dressings.

A Colorado builder since the early 1960's and generating over \$30 million in revenue annually, **dcb Construction Company, Inc.** began concentrating on

design-build projects from its inception and today is ranked one of Colorado's premier top ten design-build firms by Colorado Construction Magazine, 2004. **dcb** is currently celebrating its 45th anniversary of providing design-build construction services throughout the state of Colorado.
